

# Introducing: WE ARE AVA – Usually

WE ARE AVA creates something they call fresh electronic pop. They set out for a seemingly never-ending search for sounds and lost words.

They recently released their new single **Usually**.

The song has a surreal quality to it. I like the driving beat. Besides, the hooks are memorable. Furthermore, I'm also a fan of the unique vocals and catchy elements.

Lyricaly, WE ARE AVA delivers. Their message is crystal clear and honest: Opening up and showing your inner self is not easy, but sometimes, worth it!

The band's art is next level. They are so talented.

**Usually** deserved to be heard. It's a gem.

The song was recorded shortly before Corona hit us all and is part of WE ARE AVA's single series of 2020.

You can stream **Usually** on SoundCloud, Spotify or YouTube!
